A guide to registering for the NVPS

Darran Smyth

25th June 2025

Accessing the NVPS

The NVPS can be accessed through our free WebApp or via an integrated solution (API) provided by some software companies.

This presentation will give an overview of the features of the NVPS WebApp and how to register.

WebApp features

The free NVPS WebApp is available to registered dispensers and will allow you to:

- Select a role – Locum or Dispenser

- Search by Prescription ID

- Search by Line-Item ID

- Dispense Veterinary Medicinal Products (VMPs)

- View prescriptions dispensed by you or anyone affiliated to your business.

- Download prescriptions dispensed by you

Dispensing VMPs

- Click **Dispense**

- Enter the Prescription or Line-Item ID

- Confirm correct prescription or line item is displayed

- Select the product(s) to be dispensed

- Dispense product(s)

The **NVPS WebApp** allows dispensers to fully dispense or partially dispense products.

Dispense History

The **NVPS WebApp** allows dispensers to view the dispense history of any prescriptions dispensed by them or anyone else affiliated to your business.

Restrictions apply to locums.

Viewing, downloading and printing prescriptions

If requested by a keeper, the **NVPS WebApp** allows Dispensers to view, download and print prescriptions dispensed by you or anyone affiliated with your business.

This includes any prescriptions dispensed by locums while working with your business.

You will only be able to view the dispense actions of your business.

Registering for an AgFood account.

The NVPS WebApp is only available through the Agfood portal. You will need to register for an AgFood account or AGR number to access the NVPS WebApp.

To do this, please complete the **NVPS User Request for Access Form – NVPS/SSO1** for each dispenser. You may also need to complete the **Company Registration Form – CCM/NVPS** if your company has not already registered for the NVPS.

Completed forms can be emailed or posted to the NVPS and will take 3-10 business days to process.

NVPS API
Registration

API access to the NVPS

Some software packages have developed integration with the NVPS to allow their clients to dispense via their existing software. You will need to contact your software provider directly to confirm this.

The registration process can vary between providers so it is important to clarify this with your provider.

You **cannot** use your WebApp login details to access the NVPS through your practice software.

Contacting the NVPS

NVPS Helpdesk: 01 505 8832

Open 9am – 5pm, Monday to Friday

Email: nvps@agriculture.gov.ie

Guides & Forms: www.gov.ie/nvps

*This link will bring you directly to the NVPS page. Guides can be found under **Training** and registration forms under **Registration Process.***
