Note: This event will be recorded and made available on the PAMS-net webpage on the IIOP website.

The target audience for this webinar is pharmacists (from across all settings) and pharmacy students. It is not required to be a registered PAMS-net member to join the educational event – all are welcome!

Watch this [video tutorial on how to join the PAMS-net discussion forum](#). You can log into the PAMS-net discussion form on [PAMS-net webpage on IIOP.ie](#). To access the discussion forum using these links you must be enrolled in the forum and logged in to your IIOP account

**PAMS-net vision:** a more joined up approach to AMS across the pharmacy profession.

**PAMS-net aim:** to support pharmacists across all sectors to work towards the common goal of promoting responsible use of antimicrobials in all patients and limiting the emergence of antimicrobial resistance.
